Certificate of Web Design

## Profile

Hello, my name is Taylor Cabral and I'm a Graphic Illustrator. I have a very whimsical art style and my specialty is taking my hand-crafted assets and transferring them over to the computer to be used for things like animation and brand designs.

Not all graphic designers can do illustrations and not all illustrators can make their works usable for design. If you need someone for more art-based designs or just want to check out more of my work visit [taylorcabral.com](http://taylorcabral.com) and leave a message there I should get back to you in 24 hours.
